Security Recommendations

Regular Security Testing

Schedule regular security assessments, implement automated security testing in your CI/CD pipeline, and stay updated with latest security best practices.

Security Headers

Implement security headers like HSTS, X-Frame-Options, X-Content-Type-Options, and Content Security Policy to enhance overall security posture.

Generated by Advanced Security Scanner | Report ID: 2025-09-09_00-31-03

This automated security assessment should be complemented with manual security testing.
