juice-shop.herokuapp.com_cors_2025-09-09_01-00-04

Executive Summary

This report details the findings of a Cross-Origin Resource Sharing (CORS) configuration audit performed on <https://juice-shop.herokuapp.com> on 2025-09-09 at 01:00:04. The audit identified 3 vulnerabilities related to the CORS policy implementation. These vulnerabilities could potentially be exploited to bypass same-origin policy restrictions, leading to unauthorized data access or manipulation. Immediate remediation is recommended to mitigate these risks.

The identified issues are of medium severity.
